ANSWER

**MINISTER OF FINANCE
(SHRI ARUN JAITLEY)**

(a) to (e) A statement is laid on the Table of the House

**Statement referred in reply to Lok Sabha Starred Q. No. 41* to be answered on
18th November, 2016 regarding Counterfeit Currency**

As per information received from National Crime Records Bureau (NCRB) the details of counterfeit/Fake Indian Currency Notes (FICNs) detected is as follows:

Year	Total no. of pieces of notes (for all denominations)	Total value (in Rs.)
2013	846966	429025555
2014	801528	405802845
2015	886058	438343665
2016 upto 30.9.2016	574176	277939965

Use of Counterfeit/FICNs is causing various subversive activities such as espionage, smuggling of arms, drugs and other contraband in India. It is the main cause of parallel shadow economy. The World Bank in July, 2010 estimated the size of the shadow economy for India at 23.2% of the GDP in 2007. A parallel shadow economy corrodes and eats into the vitals of the country's economy. It can generate inflation and deprives Government of its legitimate revenues.

One special FICN Coordination (FCORD) Group has been formed in the Ministry of Home Affairs to share the intelligence/information amongst different security agencies of States/Centre to counter the menace of circulation of fake currency notes in the country. A Terror Funding and Fake Currency Cell (TFFC) has been established under National Investigation Agency (NIA) to stop the activities providing terrorist funding and FICN. In a recent development, with a view to curbing financing of terrorism through the proceeds of counterfeit/FICNs and also eliminating black money, Government has decided to cancel the legal tender character of the High Denomination bank notes of Rs. 500 and Rs. 1000 denominations issued by the RBI.

Further, incorporating new security features/new designs in the banknotes to stay ahead of the counterfeiters is an ongoing process. Towards this end, new banknotes of Rs. 500 and Rs. 2000 have been introduced in new design recently.
